### Zurich's Design Professional Team presents a webinar on ConsensusDOCS: Contracts for Today's Design and Construction Industry

Please join us for a complimentary one-hour webinar presented by Brian Perlberg, ConsensusDOCS Executive Director & Senior Counsel of AGC of America. We will discuss the 2011 comprehensive update to the ConsensusDOCS standard construction contract documents including:

- What has changed since the 2007 launch
- Why the documents were updated
- Which documents were updated
- What documents are new
- Highlighted revisions including changes to the professional standard of care, green building and BIM requirements, and attorney's fees for non-prevailing parties

The ConsensusDOCS webinar will provide an overview of recently updated documents, including 200 Series: General Contracting, 300 Series: Integrated Project Risk, 400 Series: Design-Build, 500 Series: CM At-Risk, 700 Series: Subcontracting and 800 Series: Program Management. ConsensusDOCS are collaboratively drafted and endorsed by 35 construction associations. This webinar has been filed with the American Institute of Architects (AIA) for continuing education credit for Zurich insureds. Certificates of completion can be issued for submittal to state licensing boards. If you are not currently a Zurich insured, you are welcome to take this webinar; however, the AIA credit and certificate of attendance will not be provided.

**Date:** Thursday, January 26 from 12:00 to 1:00 p.m. ET

**Audio information:** Dial (888) 498-0111 and enter Meeting Room Number \*3369015\* when prompted

**Webinar Information:** Go to <http://zurichna.conferencing.com>, select "Participant," enter Meeting Room Number 3369015 and follow any on screen instructions. This webinar has been optimized for users of Internet Explorer. Use of other browsers may result in unexpected results.

Registration is not required to attend these webinars. Simply dial into the audio and connect to the webinar at the appropriate time. To ensure uninterrupted viewing, it is recommended to connect 10 minutes prior to the start of the presentation.

We have additional webinars that are available to be taken at your leisure, which are also filed with the AIA for continuing education credits. To access these prerecorded on-line webinars, go to [http://www.zurichna.com/zna/products/industry/construction/designprofessional\\_workshops.htm](http://www.zurichna.com/zna/products/industry/construction/designprofessional_workshops.htm).
