Finance Development Program  
@Zurich

The Finance Development Program aims to hire highly talented and motivated college graduates to enter a rotational program that provides an opportunity to develop into well-rounded professionals. Our Program consists of:

- 3-year, entry level rotational program that supports development of the technical and leadership skills to become senior-level financial analysts
- 6, 6-month rotations within the Finance organization spanning core finance disciplines, including Financial Accounting and Reporting, Planning and Performance Management, Treasury and Tax
- Strong, dynamic team environment and interaction with senior managers and key leaders across the organization
- Directed by the Finance chief of staff and sponsored by our Finance Leadership Team

Zurich Basics defines our values, who we are, what we do and how we do it.

## Diversity & Inclusion

With employees in more than 170 countries and territories worldwide, there's no question that diversity is the core of Zurich. We have built a culturally diverse workforce and continue to encourage applications from women, minorities, individuals with disabilities and protected veterans. Zurich is committed to providing access, equal opportunity and reasonable accommodation in its services, programs, activities, education and employment for individuals with disabilities.

## Continue Your Training

Zurich has many opportunities for recent college graduates. We have training programs that range from 12 to 27 weeks. These unique and engaging programs can develop our candidates for an exciting career with Zurich Insurance Groups. Our risk engineer and underwriter programs are unparalleled opportunities that can give you hands-on experience in the insurance industry.
