Protection for the road ahead

There’s always a risk that your vehicle will experience a mechanical breakdown. Repair costs increase every year and can add up to thousands of dollars. A vehicle service contract (VSC) can help protect you from unexpected expenses.

Engine

**Gasoline engine:** all internally lubricated parts, including: pistons, piston rings, wrist pins and bushings, connecting rods and rod bearings, crankshaft and main bearings, camshaft, cam chains, cam bearings and cam cover, timing chain, gears, tensioner and guide, variable valve timing parts, rocker arms, shafts and bushings, rocker arm pivots, adjustment screws, spring and tension controller, valves, valve seats, valve springs, valve spring retainers, valve guides, valve push rods, hydraulic valve lifters, oil pump, oil pump drive, shaft and gears. Seals and gaskets.* Plus these non-internally lubricated parts: water pump, fuel pump, valve covers, oil pan, dipstick and tube, timing belt, timing chain/belt cover, engine mounts, flywheel, ring gear, flex plate, harmonic balancer, belt tensioner and idler pulley(s), intake and exhaust manifolds. Factory installed supercharger/turbocharger. Cylinder head, engine block and rotor housings when damaged as a result of the failure of a covered internally lubricated part.

**Diesel engine:** all of the above parts, plus diesel fuel injection pump, fuel injectors, fuel lines.

Average cost of Cylinder Head Gasket repair:††

Our Comprehensive plans covers so much that it’s easier to list the exclusions:

All parts of your vehicle are covered with these exceptions:

- Alignment of body parts, bumpers and glass
- Any parts or components that are not factory installed are not covered.
- Batteries – including hybrid batteries
- Brake linings and shoes
- Brake pads
- Brake rotors and drums
- Bright metal parts
- Catalytic converter
- Convertible and/or vinyl top
- Coolant hoses
- Drive belts
- Exhaust system
- Flexible body parts
- Glass
- Interior trim
- Lenses
- Light bulbs
- Manual clutch disc
- Moldings
- Paint
- Physical damage
- Repairs of water and air leaks, rattles, squeaks and wind noise
- Rust
- Sealed beams
- Sheet metal
- Shock absorbers
- Spark/glow plugs
- Throttle body assembly
- Tires
- Upholstery
- Weather strips
- Wheel covers
- Wheels
- Wiper blades

Normal maintenance services and parts required or recommended by your vehicle manufacturer and other normal maintenance services and parts, including engine tune up, suspension alignment, wheel balancing and filters.

Manufacturer Warranty vs VSC

Benefits of a VSC

Manufacturer Warranty vs. Vehicle Service Contract

Each manufacturer offers a warranty on new vehicles. A VSC provides coverage for your vehicle once the manufacturer’s warranty expires.

There are some instances, however, when the VSC could offer some protection or coverage prior to the manufacturer’s warranty expiration. For example, if your covered repair does not include a replacement vehicle, a VSC will provide rental car reimbursement.

<table>
<thead>
<tr>
<th>Features and benefits of the Vehicle Service Contract (VSC):</th>
</tr>
</thead>
<tbody>
<tr>
<td>• A VSC provides coverage for the cost of parts and labor associated with covered repairs based on your plan selection.</td>
</tr>
<tr>
<td>• Repair your vehicle virtually anywhere – have repairs made at your selling dealership or through any ASE certified repair shop across the U.S.</td>
</tr>
<tr>
<td>• Transferrable to the next vehicle owner, offering potentially higher resale value</td>
</tr>
<tr>
<td>• A small deductible may apply per covered repair</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Additional benefits included with ALL coverage levels</th>
