

# Zurich's P3 integrated solutions

Zurich is the recognized leader in providing P3 solutions, with hundreds of P3 projects around the world.

We offer construction industry insights, insurance product solutions and superior service capabilities to help you manage your project's risks and challenges — from feasibility to permanent operations.

## Our strategic approach to P3 integrated solutions includes:

- Analysis of planning and feasibility studies
- Project financing
- Contractual review and recommendations
- Political risk analysis and coverage in emerging market economies
- Supply chain analysis and coverage
- Quality assurance/quality control (QA/QC)
- Construction surety performance and payment bonds
- Subcontractor default insurance – Subguard®
- Project-specific professional liability OPPI and CPPI
- Seamless transition available from construction to operations

## Zurich risk solutions for the construction industry are provided by:

- More than 300 dedicated construction underwriters in 25 offices in the U.S. and Canada offering a full complement of more than 30 insurance products
- More than 90 risk engineers dedicated to construction and averaging more than 15 years of industry experience
- Nearly 400 construction claims professionals with knowledge of local jurisdictions across the U.S. and Canada

This is intended as a general description of certain types of insurance and services available to qualified customers through the companies of Zurich in North America. Your policy is the contract that specifically and fully describes your coverage. The description of the policy provisions gives a broad overview of coverages and does not revise or amend the policy.

Insurance coverages are underwritten by individual member companies of Zurich in North America, including Zurich American Insurance Company. Certain coverages are not available in all states. Some coverages may be written on a nonadmitted basis through licensed surplus lines brokers. In the United States, risk engineering services are provided by Zurich Services Corporation.
